

TTL-T50-1-2000

TransTac strip curtain, 570 x 1 x 2000 mm, bronze T50, DIN EN ISO 25980

Description

Standard strip curtains T50 (red brown), 1 mm thick, W: 570 x L: 2000 mm

The TransTac standard strip curtains make your work much easier if you are transporting the materials in and out of the welding cabin. They ensure the safe movement of workpieces. Due to the overlap the strips easily part and close by themselves, thus preventing arcs or sparks from escaping.
