

TTV-T75M-130X220

TransTac welding curtain, folded edges, W 1300 x
H 2200 mm dark green matte T75M, ISO 25980

Description

Welding protective curtain T75 matte (dark green), W: 1300 x H: 2200 mm, with folded edges

The curtains protect against grinding and spatter. The protective atmosphere remains during gas-shielded welding since the draughts are minimized by the curtains.

- Reinforced eyelets along the top
- Curtains are hung up to the C-rail with PA-hooks
- Simple sliding to parking position (like a normal curtain)
- Special runners are used for larger heights
- K-hooks are used for fixing the curtains to a pipe or to safety screens

Product details:

- Color: T75 matte (dark green)
- Width: 1300 mm
- Height: 2200 mm
- Thickness: 0,4 mm
- With folded edges
- 7 reinforced eyelets along the top
- Snap fasteners down each side to join more than one curtain
- Weight: 1,75 kg/per piece
- Risk factor: 0,05

Certificates:

- DIN EN 1598:2011-12
- DIN EN ISO 25980:2015-01

Field of application:

- Protection against splitters and splashes
- Grinding protection
- Protection against dust, cold and sunlight
- Visual protection
- Darkening for crack tests

Product advantages:

- Sturdy
- Durable
- Delivery ex stock
